Factory-ready industrial IoT solutions

ActionPoint IoT-PREDICT

The out-of-the-box solution that makes it simple to easily, accurately, and reliably monitor all kinds of machines and equipment using industrial-grade IoT sensors combined with Microsoft Azure.

10-minute setup
out of the box

An industrial-grade
IoT solution

Smart manufacturing
enabler

ActionPoint IDEA Factory

The 10-week professional services engagement that gives you a fully-functional industrial IoT solution that helps lower costs, reduce downtime, and improve efficiency.

An end-to-end IoT
solution

Tailored to your
unique business

Full integration with the
Microsoft Azure platform

Start your smart manufacturing journey
